

YES User Guide

Pass/Fail Selection

This user guide outlines the process for changing your Summer 2020 courses to pass/fail grading. **Pass/Fail Selection** is available through the YES suite of applications. On the student landing page, click **Pass/Fail Selection**. Selection deadlines will be announced through the Message Center.

NOTE: Classes listed in YES either have a Select for **Pass/Fail** button or are designated as **Not Eligible**. Once a class has been selected for pass/fail grading, it may not be changed back to a letter grade. If you do not submit all changes at once, you may reenter the application to make additional selections prior to the deadline for that session. Classes that already have been changed to pass/fail will appear as **Not Eligible**.

1. To change your class to pass/fail, click on **Select for Pass/Fail**.

Class	Description	Locations	Meetings	Pass/Fail
